[Go To Bottom](#)

2026arXiv260423517D

[Picking up the partial sums of the Möbius function problem with probabilistic number theory](#)

Dion Schmidt, Maxie

2026arXiv260306890D

[Magic partition functions: Sign smoothing convolutions with Dirichlet invertible arithmetic functions](#)

Dion Schmidt, Maxie

2022arXiv220912287D

1

[Factorization theorems and canonical representations for generating functions of special sums](#)

Dion Schmidt, Maxie

2021arXiv210205842D

[Exact formulas for partial sums of the Möbius function expressed by partial sums weighted by the Liouville lambda function](#)

Dion Schmidt, Maxie

2020arXiv200402976D

6

[A catalog of interesting and useful Lambert series identities](#)

Dion Schmidt, Maxie
